RETRENCHMENT IN FAVOR.

ONE of the most gratifying evidences of an awakening interest in county affairs is the unanimous retrenchment noted on the tax levies made the first Monday of March in compliance with the orders of the Nevada Tax Commission. On every side there is a disposition manifested to cut down and to bring each and every county into a parity with the normal taxes charged everywhere. The greatest difficulty is the fixed rate for the State which compels the levying of a 60 cent rate which should be reduced by the next session of the legislature. With a business man's administration it becomes the first duty of representatives and senators to work for a better Nevada by co-operating in economy and efficiency and insisting that no salaries be paid unless they are earned. There are too many ornamental employees of the State, some of whom do not even take the trouble to appear on their supposed scene of labor except on payday, when they draw their checks.

Tonopah leads the list in making a record by cutting the levy from \$4.53 to \$3.00, including the town, and this would have been lower had it not been for the growth of the camp calling for additional school facilities necessitating the construction of the finest and most modern building in the State at a lower cost per capita of the pupils accommodated than anywhere else. Esmeralda county found ways to reduce the cost of living by making the tax levy in county and town of Goldfield \$4.56, a reduction of 20 cents. Fallon, with the expense of maintaining municipal electric, telephone and sewer plants, cut the levy from \$2.85 to \$2.50. Winnemucca will pay at the rate of \$4.00, compared with \$4.15, and Reno escapes with \$3.15 against last year's levy of \$3.33, while Sparks, in the same county, saves 28 cents.

This is an excellent beginning and one that should be carried through. There is no reason why Nevada should run riot with funds just because it is attracting attention and growing at a better rate than any time since the dawn of the twentieth century. Efforts should be concentrated on having public officers give their trusts more personal attention with the idea of doing away with honorary officers. When a man is elected for a job his fitness should be first consideration and then it should be seen that he does the work instead of asking the taxpayers to hire help to take care of his office.

The United States Express is retiring from business. The Lord be praised. This is the company made memorable by the control resting in the hands of senile Senator Tom Platt and which thought nothing of cutting a million dollar melon every few months. The stockholders will get their money back after enjoying fat dividends for a period of fifty years, and the public will get the benefit of profits through the medium of the parcels post, an institution fostered by the Taft administration.

Oklahoma had a bloody battle over the spelling of Constantinople. This shows a revival of ancient history and one that may take the place of the tango, but if the contestants want to find something to tax their nerves they should tackle some of the Bulgarian cities brought out in the daily newspapers during the Balkan war.

Without throwing any bouquets at the late Republican administration at Washington, it may be said that the Democratic Congressmen are not a bit backward about using their franks in distributing Carnegie literature.

The London News says President Wilson's message on the question of canal tolls is a classic. No doubt it will be preserved in British archives with other traitorous reminiscences of dealings with the United States.

Fashionable Paris has decreed that divorcees must refrain from tango parties and other social excesses. This goes Reno one better, but what is the use of being a divorcee if you cannot have some fun?

It is good to think of little old Nevada having increased its bank deposits during the past year to the tune of \$1,316,257.13. This does not include the money stored away in National banks.

SPRING VALLEY REPORTS A RICH SILVER STRIKE

TOTAL ASSAY VALUE OF \$1500 FOUND NEAR THE OLD PIERMONT MINE

Of the four auto parties leaving for the scene of the new mining strike in Spring valley, two of them had bad luck and failed to reach their destination, says the Ely Examiner. George Jetter and Fred Baldwin, in the car owned by Osterlund and associates, broke an axle about opposite the Cone ranch and returned to town afoot; George and Alex Baird were also reported hung up by a disabled car. Anthony Jurich, D. C. McDonald and E. W. Hulse went out in Jurich's car, while Frank Callaway, in his car, took Al Millicek, Bart Smithson and George Dugan over to Spring valley to investigate the new find. As the assay value of the sample from the discovery made by Buchanan was first given out by him in Osceola, that town was reported to be deserted yesterday, as every man who could get away went on a visit to inspect the place of discovery.

Buchanan's find was made but a few hundred feet from and in sight of Spring valley about two miles south from the old Piermont mine. The assay made in Osceola of the sample of ore discovered is said to have shown the presence of 1501 ounces silver and 11.28 ounces gold, making the total value more than \$1100 a ton.

AURORA MILL WILL START ABOUT FIRST OF MAY

W. Lester Mangum of the Knight mines was in the city yesterday to look after the turning over of the ore samples to the new management and some matters in connection with the Aurora Consolidated mill construction, says the Salt Lake Tribune. It is expected the mill will be ready to run about May 1.

Mr. Mangum said they had recently encountered some quartz on the 1000-foot level in the Dragon Iron Consolidated property. He said that he viewed this with much favor, as they had encountered a similar formation higher up and they hoped to find a good mineralization at this new depth.

DIVORCE RULING WILL NULLIFY MANY UNIONS

NEW YORK, March 13.—Thousands of residents of New York who have been divorced or married in other States are affected by a decision of Justice Greenbaum in the Supreme court in annulling the marriage of Mrs. Mary C. Berry of the Ansonia hotel, known as the "California Cat-Queen" to agency.

The annulment is granted because the court refused to recognize as valid a divorce obtained by Mrs. Belle G. Barry from Charles H. Berry in Illinois in 1910, two years prior to Berry's marriage to Mrs. Mary C. Berry.

The decision makes it clear that Justice Greenbaum will not recognize a divorce obtained against a resident of this State unless it is granted on statutory grounds.

The justice found that Berry was a resident of New York in 1910 when the first Mrs. Berry obtained a divorce from him in Illinois on the ground of desertion, and that, therefore, the divorce is of no effect in this State. This decision, unless reversed, will render invalid thousands of marriages performed in New Jersey and other States between defendants in divorce proceedings.

GOLD CANYON MINER BEATEN IN HIS CABIN

VIRGINIA CITY, March 14.—Joe Mattias, a prospector living alone in Gold canyon below Silver City, was murdered on Wednesday night at his cabin. He was found unconscious the following morning and taken to the hospital at Carson. His skull is fractured. There is no clue to his assailant. An iron bar was the weapon.
